With the aim of underlining the importance of children safety and stimulating their aptitude for scientific discovery, KidzMondo Doha, Qatar's one-of-a-kind miniature edutainment city, has partnered with Boecker®, the largest Public Health Company in the Middle East, to orient the indoor theme park visitors into the Pest Management world of Science.

KidzMondo's latest partnership with Boecker® in Doha is consistent with the kid-sized city's mission to contribute to children's academic development, while providing them with a mental and physical voyage of investigation, exploration, and adults' role play. Boecker® the exclusive public health provider of KidzMondo Doha safeguards the park from all kind of pests and microorganisms hazards, making it a protected environment for children to play safely. In addition, Boecker is making sure all food outlets at kidzmondo are following the local and international standards of Food Safety by providing Food Safety trainings to all food handlers and periodical audits through its QPA platinum award certificate assured by the CIEH- UK.
